

FRICTION

EUROMAX BRAKE PADS

- ECE R90 European Standards Approved Formulations
- Positive Mold Manufacturing Technology
- Wire Sensors and Hardware Included (where applicable)
- Noise Free Meets AAA Noise Index
- Low Dust for Cleaner Wheels
- No Break-In Required

CERAMIC PLUS BRAKE PADS

- OE Style Rubber Coated Hardware Included
- Positive Mold Manufacturing Technology
- 100% Scorched – No Break-In Required
- High Content of Ceramic Fibers
- Chamfered, Slotted and Shimmed
- 2021 Compliant 

CERAMIC BRAKE PADS

- Positive Mold Manufacturing Technology
- 100% Scorched – No Break-In Required
- Chamfered, Slotted and Shimmed
- High Content of Ceramic Fibers
- 2021 Compliant 

FRICTION

SELECT57 BRAKE PADS

- Hardware Included
- Positive Mold Manufacturing Technology
- Ceramic Formulation
- Shimmed, Slotted and Chamfered to Reduce Noise
- 2021 Compliant 

Severe Duty **METALLIC** BRAKE PADS

- OE Style Rubber Coated Hardware Included
- Positive Mold Manufacturing Technology
- 100% Scorched – No Break-In Required
- Chamfered, Slotted and Shimmed
- 2025 Compliant 

SEMI-METALLIC BRAKE PADS

- Positive Mold Manufacturing Technology
- High Content of Steel Fibers
- Chamfered, Slotted and Shimmed
- 2025 Compliant
